U.O.No 231 dated 11-5-1946 received from the Secretary to Government, Revenue Department, Regarding the estimate for the New Procession Route, Mysore

U.O.No 91 Dated 31 August 1946

Returned with compliments

2 38) The estimate is scrutinised as per the schedule of rates for Rs 80,000/- Under the circumstances reported by the Chairman, City Improvement Trust Board, Mysore, a provision of Rs 25% extra may be allowed on account of urgency and limited time in which the work had to be carried out An abstract estimate amounting to Rs 80,000/- allowing for this extra provision prepared in this office is enclosed

Secretary to Government,
Revenue Department

Chief Engineer for Roads and Buildings

K.G

39) The Chief Engineer for Roads and Buildings has scrutinised the above estimate for Rs 80,000/ after allowing a provision of 25% extra on account of urgency, etc.

40) The Chairman, City Improvement Board, Mysore, has since reported that the sum of Rs 30,000/ shown as provided in the Trust Board Budget for the

9145 9447 5 7 21

Year 1945-46 is not a special additional grant by the Govt, but it is a provision made out of the Flag H) Trust Boards' General Funds, partly to meet the Expenditure during 1945-46

4) The Chairman has therefore asked for an additional grant of Rs 85,000/ to settle the pending claims of the contractors

4) As the Chief Engineer for Roads and Buildings has scrutinised the above estimate for Rs 80,000/, an additional grant to this extent will have to be sanctioned, as there is no provision therefor in the current years State Budget

4) the financial Debit will have to be consulted.

Rev Secy

Jm 24

The additional grant of Rs 80,000/= may be sanctioned as a Special Case, the demand being placed before L.C at the earliest opportunity, if necessary.

Minister for Edn & PH through Rev Secy

3/9/46

FINANCIAL SECRETARY U.O. No. 1835 4/9

Serial No

U O 1835

It has been reported by the Chairman, City Improvement Trust board, Mysore, that certain works amounting to Rs 85,000 which had not been provided for in the sanctioned estimate had to be urgently carried out at rates in excess of Scheduled tender rates without calling for tenders

(a) From a review of the items in the estimate, it is seen that there are items, work on which could well have been post-pored

E g (1) Widening foot-path - Rs 6790, (2) Conversion of bath rooms at a cost of Rs 1,500, (3) Construction of watchman's quarters Rs 1,677), (4) providing tree gaurds Rs 5050, (5) miscellaneous work Rs 8300, (6) temporary establishment - Rs 3,989

(b) The Chief Engineer for Roads and Buildings who has verified the estimate, has pointed out that in certain cases, the rates as originally provided were more than 50 to 115% over the schedule rates of 1944-45

(c) The estimate for the above works was not sanctioned, there was no provision in the Budget and yet the work was carried on The violation of codal rules and absence of tenders have resulted in delay of payment to the contractors and Govt have been put to unnecessary heavy expenditure Contractors who will have to wait for payment for such a long time naturally cannot quote competitive rates and we are to pay in this case, even according to the estimate assessed by much Engr 257. over the schedule rates (vide para 38) No tenders have been called for in this case The whole procedure is very irregular No firancial or Audit control will be possible in such circumstances

Subject— Improvements to the New Dasara Procession Route in Mysore City

With the gracious approval of His Highness, sanction was accorded in the Government Order dated 9th January 1945 to the consolidated estimate of Rs 96,000/- for effecting improvements to the New Dasara Procession Route in Mysore The Chairman, City Improvement Trust Board, Mysore, states that certain items which had not been included in the above estimates had to be urgently carried out for the up-keep of the road and for adding to the beauty of the surroundings and has forwarded for sanction an estimate for Rs 85,000/- for these items of work, an additional grant to this extent being sanctioned to the Trust Board

The Chief Engineer for Roads and Buildings has scrutinised the estimate for Rs 80,000/-

It is proposed to sanction the estimate for Rs 80,000/- as revised by the Chief Engineer, an additional grant to this extent being sanctioned to the Trust Board, as a special case

Para 51 of Rules + X

The Dewan and the other Ministers agree to the above proposal and I solicit the gracious sanction of His Highness to the same

Re.- Formation of New Procession Route to Bannimantap

With reference to Government Order No L 6801-3/M1 39-44-29 dated 9th January 1945 sanctioning an estimate for Rs 96,000/- for the formation of the Procession Route, I have the honour to state that certain works as detailed in the enclosed abstract estimate amounting to Rs 85,000/- which had not been provided for in the sanctioned estimate had to be urgently carried out since they were found absolutely necessary both for the up-keep of the road and for adding to the beauty of the surroundings The Chief Engineer for Roads and Buildings has kindly inspected the works in progress and his instructions have been followed The several items noted in the estimate have been sanctioned by the Board after their inspections The expenditure incurred last year on the above work against the sanctioned estimate of Rs 96,000/- is Rs 62,940/- leaving a balance of Rs 33,060/- Taking into consideration the amount already paid and yet to be paid against the fresh item of works, the total amount required will be Rs 33,060/- plus 85,000/- or 1,18,060/- For the current year, however, only 1,00,000/- is provided in the Budget

2 The Report accompanying the estimate will clearly explain the bare necessity for the execution of the works

3 The necessary provision of Rs 1,00,000/- made in the re-modified Budget Estimate may kindly be sanctioned **A copy of the Trust Board resolution No 208 dated 28-11-1945 is herewith enclosed**

My dear Mr Mallaradhya,

Re Grant for New Procession Route

I write to invite your kind reference to this office letter No D2 C 13/44-45 dated 12th January 1946, submitting the detailed estimates for several items of works executed in connection with the Procession Route, which had not been provided for in the original sanctioned estimate for Rs 96,000/-, and to state that an outlay of R. 40,582/-, has already been incurred to end of December 1945 on this work against the sanctioned grant of R. 30,000/-

- There are some more bills pending in this office for work already done, and further works are being briskly carried out As the Contractors' claims will have to be settled promptly to keep them in funds for further works to be carried out, it is absolutely necessary that the extra grant of P 70,000/- (R 1,00,000/- asked for in this office letter dated 20th November 1945, less Rs 30,000/- sanctioned in the Budget for 1945-46) is sanctioned immediately Otherwise, the progress on this important work will suffer

I request that very early action may kindly be taken in this matter, to enable me to get through this work expeditiously

Yours sincerely,

R. Ramachandra Rao

Subj:— Allotment of an additional grant of Rs 70,000/ in connection with the formation of new protection route to Bannimantap, Mysore.

Dear Sir,

With reference to the correspondence ending with this office memo no L8156 dated 13-2-46, on the above subject, I am desired to state that the Chief Engineer for Roads and Buildings has scrutinised the Estimate for Rs 70,000/ (as against Rs 85,000/ as furnished by you) after providing the maximum Schedule rates of the year 1944-45 of the Head Quarter Division, Mysore. The fresh abstract-estimate received from him is enclosed herewith, for reference and return ste.

WD 0565—GPB—22 500—8 11 38

has he forwarded the Chairman-
that an excess upto 12½% on
the modified estimate may be
allowed, while settling the
claims finally

In view of the above, the
actual additional grant to be
allotted would be Rs 48,750-
instead of Rs 70,000, as applied
for by you) as detailed in
the margin.

I am to request you to kindly
intimate, after due verification,
whether the allotment of an
additional grant to the extent
of Rs 48,750- would meet
the requirements in settling
the claims of the contractors for
all the works, finally.

The ~~modified~~ detailed
estimate is also herewith
returned

Yours faithfully

Executive Engineer
Chairman-C & T Board

Rs

Revised estimate- (96,000 Rs + 78,750 Rs) → 1,74,750

J B Mallaradhya, Esq , M A ,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue Department, Bangalore

Sir,

Subject - Allotment of an additional grant of Rs 70,000/- in connection with the formation of the Procession Route to Bannimantap, Mysore

---

With reference to your D O letter No L 9600/M1 dated 18th March 1946, forwarding a fresh abstract estimate for R 70,000/-(as against Rs 85,000/- furnished with this office letter No D2 C 13/44-45 dated 12th January 1946) for reference and return and requesting to intimate whether the allotment of an additional grant of R 48,750/- would be enough etc , I have the honour to state that when quotations for various other works were called for, the rates quoted by the Contractors have been ranging from 30% to 50% more than the sanctioned estimates, though the estimates have been prepared providing schedule rates for the year 1944-45 as approved by the Chief Engineer This fact is being experienced by the Head Quarters Division, Mysore, also Further, it is stated in your above letter that the Chief Engineer for Roads and Buildings has expressed his opinion to pay an excess up-to 12½% over the estimate scrutinised for Rs 70,000/- by him alone It is seen that the Mysore Division and the Head Quarters Division, Mysore, have been allowing 30% to 50% extra over the schedule rates

The works connected with the Procession Route had to be completed urgently well in time before Dasara Festivities and the Contractors had to arrange night shifts to get through the work by spending extra on labour After taking into consideration the difficulties of procuring labour and urgency for completing the work, the estimates were prepared providing workable rates, which are only about 30% more than the sanctioned schedule for 1944-45

P T O

These circumstances were brought to the notice of the Board and the estimate for Rs 85,000/- was sanctioned after discussion

Further details, such as nature of soil, actual lead for earth and metal etc , are since noted in the estimate submitted to Government from this office to facilitate correct scrutiny of the rates claimed for the several items of the works which are in conformity with the present conditions of working

It may be stated that the major portion of the works have been completed and the bills paid Under the circumstances the rates provided in the original estimates may kindly be retained and Government sanction to the estimate conveyed early

In view of the above, the proposed additional allotment of Rs 48,750/- will not be enough to meet the claims of the Contractors finally Hence the additional grant of Rs 85,000/- already requested in this office letter No D2 C 13/44-45 dated 12th January 1946 may kindly be sanctioned in full

In this connection it has to be pointed out that the sum of R 30,000/- shown as grant allotted during 1945-46 is not a special additional grant by Government, but it is a provision made out of Trust Board's General Funds partly to meet the expenditure during 1945-46

The modified abstract estimate together with the original estimate received with your above reference is herewith retransmitted for further kind needful

I have the honour to be,
Sir,
Your most obedient servant,

Chairman 3/5

Sir,

Re Allotment of Special Grant of Rs 85,000/- required for New Procession Route, Mysore

---

I have the honour to invite kind reference to this office No D2 C 13/44-45 dated 3rd [illegible] 1946 on the above subject and to request the favour of very early sanction to the consolidated estimate of Rs 85,000/- referred to therein and allotment of funds to that extent very early

2. The works have mostly been completed several months back and the bills of the Contractors have had to be kept by for want of funds. Against the allotment of Rs 30,000/- for the Procession Route during the current year, the expenditure to the extent of Rs 89,277/- has been incurred involving in an excess of Rs 59,277/-. This expenditure is not only against the estimate of Rs 85,000/- for additional works carried out, but also against the original estimate of Rs 26,000/- Both these estimates are treated as a consolidated one

3 There are bills to the extent of Rs 10,266/- on hand pending for several months As the Contractors are claiming for payments and as they find it difficult to proceed with other works for want of funds, I request the favour of very early sanction to the estimate and allotment of Rs 85,000/- immediately, to regularize the excess outlay so far incurred and to settle the pending claims of Contractors

I have the honour to be,
Sir,

order No 7859-62 dated 27-11-62

On the circumstances reported by the Chairman, C & T Board, Mysore, sanction is accorded to a consolidated estimate for Rs 80,000 (Rupees Eighty thousand) for the extra work carried out for the new procession route, Mysore, as scrutinised by the Chief Engineer for Roads and Buildings.

An additional grant of Rs 80,000 to meet the expenditure on the works, is also sanctioned to the Mysore C & T Board, as a special case.

A demand for this additional grant will be placed before the Legislative Council at its next Session.

By Order and in the name of the Governor of Mysore,

Sd/- [illegible]
Secretary to Government

The Chief Engr for Roads & Buildings who has scrutinised the estimate has pointed out that in certain cases, the rates, as originally provided were more than 50 to 115 % over the Schedule rates of 1944-45

The estimate for the above works was not sanctioned, there was also no provision in the Budget and yet the work was carried out at rates in excess of Scheduled rates without even calling for tenders The violation of Codal rules and absence of tenders have resulted in delay of payment to the contractors and have been put to unnecessarily heavy expenditure

Besides, contractors who will have to wait for payment for such a long time naturally cannot quote competitive rates.

Even according to the revised estimate for Rs 80,000 prepared by the Chief Engr for Roads and Buildings Govt have therefore to pay in this case, 25% over the Schedule rates

Government observe that the whole procedure adopted in this case is very irregular and that no financial or Audit Control would be possible

In such circumstances

DA 501

I am to add that these points must be borne in mind when carrying out the work of the Treasury and subordinate offices and the duties of the Revenue Auditors are framed

In the above circumstances, I am to request that a detailed report can call the above points may be submitted to Treasury within seven days

Office of the Chairman,
City Improvement Trust Board,
Mysore, dated 26th December 1946

From R. RAMACHANDRA RAO BHOMBORE, Esq., B.A.,
Chairman, City Improvement Trust Board,
Mysore

To J B MALLARADHYA, Esq , M.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue Department, Bangalore

Sir,

Re.- The consolidated estimate for Rs 85,000/- for the additional works carried out for the New Procession Route, Mysore

---

With reference to para 4 of your letter No L 8735 dated 16th December 1946 stating that even according to the revised estimate for Rs.80,000/- prepared by the Chief Engineer for Roads and Buildings, Government have to pay 25% more than the schedule rate, I have the honour to state that the schedule of rate of 1944-45 has been in currency even till 1946-47 and practically no changes have been effected therein But the rates quoted by contractors for works have been 35 to 40% more than the rates provided for in the above schedule of rates

In this connection, it is pointed out that when a reference was made to the Executive Engineer, Buildings Division, Mysore, regarding the rates paid by his Division, he has replied in his No 2480 dated 7th May 1946 and again in his D.O.No 44 dated 25th May 1946 that the rates quoted by the contractors in his Division are generally 25% to 35% over the schedule of rates for 1944-45 Copies of the above references are herein enclosed for kind perusal As such the 25% excess allowed by the Chief Engineer in the case of additional works carried out for the new Procession Route is not at all excessive Further it is pointed out that when the detailed estimate for the work included in the consolidated estimate, full details of item of work had not been noted These were subsequently exemplified - e g , nature of earthwork has been clearly given, lead for removing debris has been noted, datas prepared for conveying debris, including loading and unloading charges, distance noted for turfing work, specification notes for stone slabs (Dodda-ballapur slabs) These details have been noted to justify the rates provided for in the estimates

In the case of works executed in this connection, I have to state that as the works on the procession route had to be completed most expeditiously,

P.T O.

quotations or tender could not be called for, except in one case.

The Chief Engineer has, during his scrutiny, reduced the amount of the estimate from Rs.85,000/- to Rs.80,000/- only

I have the honour to be,
Sir,
Your most obedient servant,

Chairman.
